INCIDENT OCCURRED/OBSERVED:

Date: 8/17/90

County: Wayne

Time: 2:00 P.M.

Lake/Stream: Detroit River

Location: Atochem

DISCUSSION:

The HCl cooler failed and they had a spill of no more than 20 gallons of HCl. The pH went down to 3.9 at the outfall and it was below 6.0 for 30 minutes. They were back in compliance at 3:00 P.M. The cooler system was shut down.
